OFFICE OF THE COMMANDANT

ARMY Declass/Release Instructions On File

Dear Doctor [REDACTED]

STATINTL

It was a great pleasure for us to have you back at Carlisle Barracks for your discussion of the Chinese Communist economy. Both your lecture and the afterlecture conference made a most valuable contribution to our curriculum, and I want to express my personal thanks and those of all members of the Army War College for your willingness to again find time in your busy schedule for this visit. It is the presentations by experts such as yourself that provide the greatest single input into our course of instruction. As I listened to you I was again impressed with the true meaning of the word professional. It is always a treat to be exposed to someone who has fully mastered his subject. We are all most grateful for the factual material you presented and above all for your penetrating analyses and interpretations of the Chinese economic scene.

It is always a pleasure to welcome back old friends whom we are proud to call "regulars," and I trust that there will be opportunities for many more such visits in the future.

With all best wishes and warm regards.

Sincerely,

STATINTL
